

# WE ARE NOW ON THE GSA MULTIPLE AWARD SCHEDULE

The Innova Group specializes in healthcare strategic, operational, financial, and facility planning; often serving as translators among those domains.

## SERVICES OFFERED THROUGH GSA

**Healthcare Strategy:** Nurturing a common vision through facilitation and data analysis; developing service distribution solutions, market studies, and feasibility studies

**Healthcare Planning:** Translating clinical strategy into service line or departmental tactics; business case analyses

**Capital Strategy:** Developing methods to better manage capital asset utilization and create planning standards for new assets

**Capital Planning:** Providing the essential information needed to translate strategy and operations into space programs

**Equipment Planning:** Integrating medical technology and equipment through asset inventories, options development, estimating, and technical coordination
